

LARGE VOLUME FREIGHT MOVED SAFELY AND EFFICIENTLY

A building materials supplier imports more than 20,000 ocean containers of products annually. When its previous flatbed carrier had trouble supplying capacity to meet demand and customer expectations, the supplier called Schneider Dedicated for help.

THE SITUATION

Multiple customers' orders were palletized and shipped on the same flatbed trailer

When the previous carrier couldn't keep up, the supplier resorted to costly LTL shipping

Supplier had no visibility into progress of its shipments, leaving customers in the dark

THE SCHNEIDER SOLUTION

With a nationwide network to pull from, Schneider could handle frequent, large deliveries

With a commitment to safety, Schneider drivers practiced expert load securement

Schneider utilized new technology to plan and track freight

THE RESULTS

137 DEDICATED DRIVERS
— DEPLOYED AROUND —

20 DISTRIBUTION CENTERS 

A FOCUS ON SAFETY
MADE SCHNEIDER
**A TRUSTED
EXTENSION**
OF THE SUPPLIER'S TEAM

**SUPPLIER
EXCEEDED
CUSTOMER
EXPECTATIONS**

By working with Schneider, the supplier could rest assured that its large volume freight would be delivered safely and efficiently.

Plus, having visibility into its shipments allowed the supplier to provide improved, more reliable service to its customers.
